FOR IMMEDIATE RELEASE

New Historical Novel Lets Readers *Hear* Chopin as They Read His Story

[City, State] — [Date] — Author **Beth Kellam** announces the release of *Chopin's Last Manuscript*, a groundbreaking historical novel that blends fact, fiction, and music to create an immersive new reading experience. As readers follow the intertwined stories of Frédéric Chopin, George Sand, and a modern-day musicologist, they can listen to a curated soundtrack of Chopin's works that mirrors the emotional journey of the novel.

Set partly in 1830s Paris and partly in 1971 Warsaw and Paris, the novel explores the intimate, creatively explosive relationship between Chopin and Sand—along with the mystery surrounding a long-lost manuscript that could reshape everything the world believes about the composer.

Kellam's novel offers historical fiction fans, classical music lovers, and book clubs a rare fusion of literature and listening.

A Unique Reading Experience

Unlike traditional historical fiction, *Chopin's Last Manuscript* incorporates links to a curated soundtrack of his music allowing them to *hear* the music within the context of his life experiences. The ebook version of the book has embedded links; the print versions highlight the links to a soundtrack organized by chapter at the [Sound of Genius website](#).

What Readers Are Saying

"I kept getting lost in the music."

"The characters are richly drawn, the pacing is pitch-perfect, and the musical details add a haunting resonance."

"This book changed how I hear Chopin forever."

"Curled up with this novel, phone beside me playing each piece as Chopin wrote it, I sobbed twice. The music unlocks his exile, longing, and love in ways words alone can't."

"A world where passion and obsession echo as powerfully as Chopin's own melodies."

"This book felt completely different from anything I've read before. The mix of story and music makes it so immersive—it's like you're not just reading about Frédéric Chopin, you're actually experiencing his life as it unfolds."

About the Author

Beth Kellam is a writer and entrepreneur with a deep admiration for Frédéric Chopin's music. Her extensive research and passion for historical storytelling inspired this debut novel, the first in a planned series exploring musical geniuses through immersive hybrid fiction.
